Subject: HDMA Board Meeting

Paul: I hope your McKesson Board meeting went well. The HDMA Board meeting was very good. The budget was approved with very little discussion. Everyone was pleased with the balanced budget and no dues increase for 2008. The DEA issue concerning the recent surge in DEA enforcement around suspicious orders and methadone was moved to the top of the HDMA priority issue list. The Board wants the Association to quickly develop a plan to deal with and work with the DEA, as necessary. Our first step will be to assemble a legal task force of member company attorneys (in-house or outside counsel) to meet with our staff and discuss a course of action with the DEA. Is there someone on your McKesson legal team that could participate on this task force? We would like to arrange a conference call with such a group within the next week. Thanks, John
